

Trade-In Guidelines:

In order to promote the resale and reuse of sporting products, DICK'S is teaming up with SidelineSwap to host a series of local trade-in events. Bring in your gently-used sporting equipment in good condition that other customers might put to good use. If your products are accepted by SidelineSwap you'll receive a DICK'S Sporting Goods promotional gift card* for the trade-in value. Trade-ins are discretionary and subject to the following guidelines.

- Items must be in good working and resalable condition and must show no signs of damage or abuse.
- Items must be clean and free from mold, mildew, and dirt.
- Items should be no older than 5 years old.
- Items must be the property of the person trading-in.
- Items should generally have an original value of \$100+. Items that sold for less than \$100 when new, generally have little to no residual value.
- Items must be from the top main brands by sport. Knock-offs, generic brands, and counterfeits will not be accepted.
- Large pieces of exercise equipment will not be accepted. Bikes will only be accepted at locations identified below, and otherwise will not be accepted.
