CHILLIWACK, BC

August 11, 12 & 13

TWIN RINKS ICE ARENA

5725 Tyson Road

Chilliwack, BC

V2R 3R6

HGMP BC CAMP - REGISTRATION LINK

Our Mission is to develop a goaltenders fundamentals, leadership skills and game translatable skills. The on ice portion is an active learning, multi station drill setup that allows for repetition in a controlled environment. We encourage open communication. We use group dynamics to develop on and off ice leadership skills. The goalie will learn and develop an off ice training toolbox for continuous development. The camp is great preparation for tryouts as well as the upcoming season.

The goaltender will be introduced to and develop a solid set of foundation skills and self awareness. This focused camp will develop the goaltenders skating, mobility, athletic stance, active hands, glove skills, tracking, body control, saves with active recoveries, repositioning, post protection/ post work, stick skills, puck handling, passing lane cutoffs, tips and screens and freezing the puck. Drill progression is used to stack skills that develop your comfort level and confidence. Our goal is to have a solid framework to work from and to return to. The goalie will learn to recognize game situations and apply developed skills into game translation. Ultimately you can begin to control the game.

NEWS UPDATE, "A QUICK LOOK AT CHILLIWACK MINOR HOCKEY SHOWS MAJOR UPGRADES IN THE NET THIS SEASON. HG MAXIMUM POTENTIAL CAMP MAKES AN IMPACT! "

WE BUILD COMPETENCE, CONFIDENCE AND CONSISTENCY.
